VOLUME VIII.

PADUCAH, KENTUCKY, SATURDAY, NOVEMBER 30, 1901.

NUMBER 131.

THE MAYOR'S FINAL REPORT

It Shows the Amount of Work Done and the Cost of It.

The Treasury Will Be Empty—The Streets Have Cost \$100,000 in Four Years.

FUTURE EXPENSES WILL BE GREATER

Mayor James M. Lang retires from office Monday afternoon, and has prepared a voluminous report that will be presented to the council Monday just before he goes out. Mayor Lang has been one of the most popular and most industrious mayors Paducah ever had, and his four years of service have been fraught with hard work. The result of this he shows in his report, which covers all departments.

The report of finances will allege that the average tax rate, for city purposes, has been 97 1/2 cents for the four years, the lowest in sixteen years. The tax rate has of course been larger, but some of it was for school purposes. As a result of this, there has at times been insufficient funds to go around, and the treasury will be left practically empty.

HOSPITAL AND CHARITY.

The report will show that the amounts spent in this department for four years exceed those of any other administration, and will reach perhaps \$20,000.

THE CITY'S GROWTH.

The city's growth has been rapid. Its population has increased about 5000. The records in the city engineer's office show that the amount of building permits issued during the four years were \$751,360, which shows a rapid growth in building.

BONDED INDEBTEDNESS.

The report shows that the bonded indebtedness has been reduced from \$343,000 to \$335,000, the city hall bonds having been paid. There are \$100,000 or thereabouts in litigation, being the repudiated railroad bonds. The annual interest is reduced \$1087.50. Under this head it will be reported that the indebtedness on the city hall has been paid off entirely.

THE MARKET HOUSE.

The market house will be reported a source of great revenue, having cost in repairs, etc., in four years, about \$1000, and yielded a total income of \$14,000.

THE WHARF.

The wharf will be reported a source of considerable revenue, and it will be recommended that the property on the river front, which the city once started to condemn, be bought to increase the wharf facilities. It belongs to the Illinois Central.

SALARIES.

City salaries have averaged for the four years, \$7000 annually, but under the increase just made by the council, and by the prospective changes under a new charter, they will be increased to about \$12,000 a year.

PROPERTY ASSESSMENT.

The map drawn for assessing property at a cost of \$2000, will be reported to have paid for itself. It was drawn by Engineer W. W. Lyon to assist the assessor in listing property.

BRIDGES AND FILLS.

It will be reported, under the head of bridges and fills, that the only bridge in the city left is that over Island Creek, the others having been supplanted by fills. This part of the mayor's report is one of the longest, and shows that the total cost in fills, bridges and storm water pipes has amounted in four years to about \$20,000.

COMMERCIAL CLUB.

The report highly compliments the Commercial and Manufacturers Association, which is mentioned as a necessity, and a great help in building up the city.

THE STREETS.

The report shows that about the most costly department of the city

ABOUT THE CITY HALL

Council Chamber Has Been Made Good as New for New Council.

Marshal Collins' Final Report—Report of Fire Chief James Woods.

CITY TAX COLLECTIONS ARE BRISK

The council chamber has been made as good as new, the desks and chairs having been re-varnished, the walls cleaned and repainted and everything put in tip-top shape for the new council, which takes charge Monday.

City Tax Collector Wm. Kraus and his two assistants have been very busy this morning and afternoon collecting taxes from the delinquents, who have been in, paying before the penalty goes into effect.

Marshal Collins today finished his final report, covering a period of four years, and will present it to the council Monday.

There have been a great many office seekers about the city hall today, and when some of them learned that Mayor Yeiser is not to make his police appointments Monday there was more or less disappointment.

LIBRARY COMMITTEE.

IT BROKE UP WITHOUT ANYTHING HAVING BEEN ACCOMPLISHED.

The committee appointed by the common council to consider plans for the new public library building met last night, but did nothing except a pass a resolution inviting the members of the Civic Federation to call at the architect's office and inspect the plans for the building.

The members of the committee are Councilmen Weille, Johnson, Davis, Rudolph, Bondurant, Elliott and Hannan. Councilman Weille is chairman.

A communication was read from the Civic Federation offering the services of the members in selecting the plans, or in doing any of the work incident to the arrangements for the building. It was then that on motion of Councilman Elliott the invitation was extended the ladies to inspect the plans.

It was decided to allow the architects forty-five minutes in which to display their plans. Everybody had been excluded from the room, and Architects Brainerd and Davis were admitted separately, and explained their drawings.

Councilmen Davis and Johnson were in favor of selecting Architect Davis' plans and recommending that the council employ him, but Councilmen Elliott and others wanted action deferred, especially as the members of the Civic Federation had already been invited to inspect the plans.

The motion to act on the plans presented was lost, and then without even adjourning the committee dispersed, and left the matter where it stood at first.

The ladies have been asked to call today and inspect the plans, and the committee will make an effort to have another meeting Monday and take decisive action before they go out of office.

FOR FAST DRIVING.

Catherine Cullom, an inmate of one of the Court street resorts, will be arrested this afternoon on a warrant charging her with fast driving within the city limits. The warrant was sworn out this morning by an officer of the night force.

FOR STEALING A WATCH.

Sam Hendricks and Elbert Holmes, both colored, were arrested this morning by Officer Gray for stealing a watch from Andrew Hall, colored. The men were arrested on Plunkett Hill, and were taken to the station in the patrol wagon.

Try Dr. Jennelle's tooth powder. It is warranted to be the best offered to the public.

WEEK'S NEWS IN THE BUSINESS WORLD.

Clearings for the week, \$434,061. Last year, \$401,001. Increase, \$33,060.

Business at the banks the past week has been fairly active. The demands for money are very heavy, with deposits holding up well. Earnings, too, are running well, and the reports at the end of the year, which comes now in a few weeks, will show the past six months to have been about the most prosperous in the history of local institutions.

Business with the wholesale dealers during the past week has been generally good, and especially with the harness and buggy dealers. The wholesale grocers are holding a fair holiday trade, but it is not what it might be. An increase in this line is expected when the weather turns colder, and the farmers stop bringing their wares to the market in such abundance.

The commission merchants report a standstill in trade, with indications for an increase with the winter season.

The novelty dealers are doing a

large business with the rural trade, but shipments have not yet begun. The merchants in the smaller towns are coming in and buying good bills, and the holiday trade for the whole-sale men in this line has begun in earnest.

The harness wholesale trade is also opening up with brighter prospects and the buggy departments are also doing a large business, considering the season. Several merchants have been notified by eastern firms that there is now a car famine on, and to make their orders early if they want the bill shipped on time. There are few cars to be had in the East. The South is also complaining of the famine.

The retail dealers are busy at work on the holiday displays, and the trade is beginning to open up some.

The factories report good business, with full forces at work. The canning factory has had a very successful season of about eight months' run, and will close down next week. The clothing manufacturers are doing a good business.

IS DYING.

MR. CHARLES WILCOX BECOMES SUDDENLY WORSE IN MOUND CITY.

Mrs. May Rehkopf was called to Mound City, Ill., this morning by a telegram announcing that her brother, Mr. Charles Wilcox, who was taken there a few weeks ago for treatment, was thought to be dying. Up to the receipt of the telegram he was believed to be improving. Mr. Wilcox is 42 years old, and one of the best known men in the county. He resides near Maxon's Mills, and has been in failing health for the past several years.

A CASE FOR CHARITY.

No. 1216 Madison street is the home of a very needy family, a mother with three little children, one a baby three weeks old. Fuel, provisions and clothing are all needed, and would gladden their hearts. Charitable people will no doubt soon relieve their want, now that it is known.

THROUGH TRAINS.

ILLINOIS CENTRAL CREWS WILL RUN THROUGH FROM LOUISVILLE.

The new time cards for the Illinois Central, which go into effect tomorrow, arrived this morning, and show that there will be no change in the schedule affecting local passenger trains.

One important change is that the fast passenger train crews will be run through from Louisville to Memphis and vice versa, instead of to Fulton, as now. This has been in practice before.

ANOTHER CASE, OF SMALLPOX.

There is another case of smallpox in the city. The case was discovered yesterday in the house where Messrs. Belt and Hoffman, recent patients, were lately confined. Motorman McManus is the last victim and the house has again been quarantined. The quarantine was lifted several days ago when Messrs. Belt and Hoffman were discharged. Their residence is in the little addition near the I. C. passenger depot.

SUICIDE OF AN OFFICIAL.

The Louisville papers have various lessons to draw from the recent suicide of Stuart Young, city treasurer. The Commercial describes it as one of the results of allowing the ring to control Louisville politics, and intimates that the amount of his shortage is nothing compared to what has been stolen in past years by various Democratic politicians under the forms of law.

The Post attributes the suicide directly to a publication by the Times of the shortage, and indirectly to the fact that pool rooms have been allowed to exist there. The former is foolish. There may be truth in the latter. No newspaper, it may be pertinent to remark, is responsible for the results of a man's own misdeeds. Newspapers owe a duty to the public. They are expected to give the news as completely and accurately as possible. That they do not always do it is an unfortunate circumstance, due to various things. If a public official who has betrayed his trust and squandered in riotous living money that did not belong to him is not exposed—not necessarily, as a punishment, but as an example to others—it is not because he should not be, but because outside influences have prevented. Hence, it is in poor taste for a paper to charge to the legitimate act of a contemporary the death of a popular man whose greatest fault has been to be weak, and simply because the former paper got "scooped." If the official committed suicide because he was exposed, he likewise was exposed because he had done wrong. He, himself, was to blame, and voluntarily killed himself.

While the various Louisville papers are expressing their opinions of each other, and drawing their morals from the suicide of this popular official, the Lexington Herald steps in and simply says: "About dusk on Wednesday afternoon, in one of the loneliest and bleakest spots in Louisville, but near the heart of that busy city, Stuart Young committed suicide by blowing out his brains with a pistol. The causes which led him to this lamentable act have not been published. We have no lesson to draw from this sad suicide, no moralizing to indulge in. We allude to it only to express our profound sympathy with his father, his beautiful young widow and his family, and our sincere grief at the untimely end of a most promising life."

Paducah is rapidly building up, and in a year or two she will have some of the finest buildings in the state. The Ogilvie building, the new theater, and the new school building are splendid triumphs of architecture, and with the new Harbour building, the projected public library, Odd Fellows and Masonic buildings, and the Elks building, the two latter almost together, Paducah will rapidly reach metropolitan proportions. It is said that the present administration, which has devoted much of its time and money to the improvement of the outlying districts, will leave much to be done in the business portion of the city, and among the questions to come up under Mayor Yeiser's administration will be the construction of asphalt or brick streets, the erection of a new market house and city hospital, and doubtless the purchase of a public park. These matters will hardly come up, however, for several months, at least, as the first question that the new officials will have to grapple with will be the change of charters and the complications that are certain to arise incident to it. There is much work ahead, and it is to be hoped that

the people have put men in office who will do it in a manner that will reflect credit on them, and be a permanent benefit to the city and the public.

The public library committee failed to do anything last night but adjourn. It was to meet and select plans for the new library building, but it failed to select. This was anticipated from the start. There are too many interests at work in the library project to permit of a satisfactory arrangement at present. As the new council goes into office Monday, and a majority of the present library committee will retire from office, a new committee will probably have to be appointed, if one is appointed at all. Hence the library matter, so far as the plans for the building are concerned, stands right where it did at the start. Mayor Lang claims that all the controversy over the plans and the manner of selecting them has been uncalled for and unnecessary, as the library ordinance specifies that the selection of architect and the plans shall be subject to the ratification of the council, which body will finally decide all questions at issue, after all. The new council may take up the matter Monday and decide on an entirely different course from the one contemplated by the present library committee, which met last night.

This is the last day of the present city administration, and Monday the new officials will be inducted into office. There will be a new mayor, new council, and new marshal. After Monday there may be new officials in other departments. It is said that Mayor Yeiser will not make his appointments Monday evening, but later in the month. This will result in more suspense among the many applicants for jobs. The election of officers by the council is expected Monday night. It may be that changes are made in some of the salaries, or in the ordinances specifying the duties of some of them, in which case a few of the elections may be deferred.

"Why not pass a law requiring the Kentucky pistol to be taken lessons in target practice?" asks the Memphis Commercial-Appeal. "In this way he would often kill the man he is after, and wouldn't stay so many people who have nothing to do with the case. Kentucky marksmanship is susceptible of marked improvement." Perhaps the gentleman would like to come up and let some of us take a shot at him.

There will be the usual cancanes to night in Washington, and Monday congress will convene for a long session. Many important matters are to come up, among them being the reciprocity treaties, tariff revision, and significant matters concerning our new possessions. Little will be done, however, before the holidays.

Our few facetious lines yesterday about pool rooms seems to have provoked the usual malicious misrepresentation from an alleged newspaper up the street. Such little pleasantries are intended for intelligent people. Our contemporary should refrain from reading them.

A GOOD HAUL.

Mr. Charles Clark and others went hunting in the Clark's river section last night and killed three coons and four possums. Those in the party were: Press Schotta and Jack Butler, of the city, and Cliff Fahey, Rupert and Will Finley, of the county.

WHAT CAUSES DEAFNESS

THE PRINCIPAL CAUSE IS OUR ABLE BUT GENERALLY OVERLOOKED.

Many things may cause deafness, and very often it is difficult to trace a cause. Some people inherit deafness. Acute diseases like scarlet fever sometimes cause deafness. But by far

the most common cause of loss of hearing is catarrh of the head and throat.

A prominent specialist on ear troubles gives as his opinion that nine out of ten cases of deafness is traced to throat trouble; this is probably overstated, but it is certainly true that more than half of all cases of poor hearing were caused by catarrh.

The catarrhal secretion in the nose and throat finds its way into the Eustachian tube and by clogging it up very soon affects the hearing, and the hardening of the secretion makes the loss of hearing permanent, unless the catarrh which caused the trouble is cured.

Those who are hard of hearing may think this a little far-fetched, but anyone at all observant must have noticed how a hard cold in the head will affect the hearing and that catarrh if long neglected will certainly impair the sense of hearing and ultimately cause deafness.

If the nose and throat are kept clear and free from the unhealthy secretions of catarrh, the hearing will at once greatly improve and any one suffering from deafness and catarrh can satisfy themselves on this point by using a fifty cent box of Stuart's Catarrh Tablets, a new catarrh cure, which in the past year has won the approval of thousands of catarrh sufferers, as well as physicians, because it is in convenient form to use, contains no cocaine or opiate and is as safe and pleasant for children as for their elders.

Stuart's Catarrh Tablets is a wholesome combination of Blood root, Guaiac, Eucalyptol and similar antiseptics and they cure catarrh and catarrhal deafness by action upon the blood and mucous membrane of the nose and throat.

As one physician aptly expresses it: "You do not have to draw upon the imagination to discover whether you are getting benefit from Stuart's Catarrh Tablets; improvement and relief are apparent from the first tablet taken."

All druggists sell and recommend them. They cost but 50 cents for full sized package and any catarrh sufferer who has wasted time and money on sprays, salves and powders, will appreciate to the full the merit of Stuart's Catarrh Tablets.

TERRIBLE TRAGEDY.

PROMINENT CITIZEN SHOT FROM AMBUSH AT BOX STATION, TENN.

Fulton, Nov. 29.—News has reached Fulton of a terrible tragedy at Box station above Dresden.

Bill Massey, a prominent citizen, was foully assassinated by unknown parties as he was walking along the streets. Unknown person or persons shot him twice from ambush, one shot taking effect in his face and one in his body. He died instantly. The murder is one of the worst on record of that vicinity, as Massey was a very prominent man, and had few if any enemies. The officers at Box telegraphed Marshal Robertson of this city for bloodhounds, and the dogs were taken to Box by Albert Robertson.

The body of Massey was not found until early this morning, the deed supposed to have been committed some time during the fore part of the night.

Massey is a brother of Mrs. Jessie Wiley of near Fulton, who left for Box.

Several years ago a brother of Massey was shot from ambush in the same way.

Snoring, and Its Cure.

The snore of the heavy sleeper appears at last to be receiving the consideration from wakeful sufferers that the heinousness of the offense merits. It may not be popularly known that snoring is merely the vibration of the velum pendulum palati, but it is no less a matter of interest to a great many people who either snore themselves or are annoyed by others, says the New York Sun.

A well known physician was asked the other day why people snore.

"Because they don't shut their mouths," he said.

"What is snoring?"

"Well, it's common enough," said he; and in an off-hand fashion he explained that snoring is a noise made in the posterior part of the mouth and nasal fossae during the moments of inspiration.

It is due to a relaxation of the levator palati molli and the circumflexus palati in sleep, by which the velum pendulum palati is left free to vibrate or flap in the two currents of the air which enter at the same time through the nostrils and the mouth.

Besides the vibration of the velum pendulum palati, or soft palate, there is also a vibration of the column of air itself. Thus is produced the rasping, snorting noise so well known and so unpleasant to every snorer.

The doctor was asked what caused snoring.

"When a man is fatigued," he said, "and his self control is unusually relaxed in sleep, he is apt to let his lower jaw drop down. No man was ever heard or seen to snore with his mouth shut. The moral is obvious.

"The soft palate flap is like a sheet in the wind, and the near neighbors of the snoring sleeper are correspondingly disturbed. Now, the Indians never snore. They think it is a disgrace.

"An Indian believes that if he snores when he is young he will grow up to be even less handsome at maturity than nature originally intended. His vanity, therefore, is enough to make a savage sleep in a proper position."

Another well-known physician, whose practice has been largely in cases of affections of the respiratory system, was asked whether snoring was a disease.

"Not so much a disease as a bad habit," he said, "but I am frequently called upon to prescribe for its cure."

"Can it be cured?"

"Easily."

"Why do elderly or corpulent people commonly snore?"

"Because their systems are generally more relaxed in sleep, and their mouths then fall open. Any one will be likely to snore if he sleeps with his mouth open, and no one will if he shuts it."

"How can the habit be cured?"

"First, you must give a person a chance to breathe through his nose, and then make him do so. If there is any obstruction in the nasal passage, that must be removed by treatment. Then if a snorer can't keep his mouth shut by force of will, his jaw must be tied up.

"A harness for the lower jaw is sometimes provided in bad cases of snoring. A skull cap worn upon the head serves to hold a system of straps under the chin, and keep the mouth shut until the person can form a habit of sleeping on his side, or with his head slightly elevated to hold his jaw."

"Is it an easy matter to hold one's jaw when asleep?"

"Hardly more difficult than when awake."

"Why is snoring then, so common if it is easily cured?"

"Because catarrhal troubles are so common, which prevent free inspiration through the nostrils. In sleeping cars and in hotels one frequently hears the resonant snore, because people in those places usually go to sleep tired out. An old doctor used to advocate sleeping on the face to guard against the possibility of snoring."

The Doings of the Smart Set the Past Six Days. Pleasant Events and Personal Mention.

THEN AND NOW.

Ah, Sweetheart mine, in years grown gray,
Our Pilgrim Fathers, sadly good,
Went forth to prayers Thanksgiving Day
With gun in hand through field and wood,
They sang as people should,
In nasal tones or pious whine,
Priscilla smiled beneath her hood—
Ah, sweetheart mine.

Ah, sweetheart mine, the savage foe
They put by for a spell, oh, my,
To give the turkey brown a show,
And make room for the pumpkin pie.
The fete champetre which they had planned
For Roger Williams, we opine,
Lay by and waited their command—
Ah, sweetheart mine.

Miles Standish, midst the godly chaff,
Beneath his bent brows, glancing low,
Watched fair Priscilla blush and laugh
At Alden at that feast we know.
Years passed, from out the rose and snow
The new Thanksgivings rise and shine,
Yet still love smiles and whispers so—
Ah, Sweetheart mine.

Time flies, but Love yet reigns divine
And some Priscilla's eyes still shine
On some bold Alden blithe and gay—
Ah, sweetheart mine, Thanksgiving Day.

SOCIETY'S THANKSGIVING.

More and more is Thanksgiving coming to be observed as a season of festivity, second only to Christmas in gaiety has it grown to be. Apart from the pleasant home comings and family reunions there are always some informal gatherings and the more formal affairs. While the week has not been especially crowded with gaiety, there has been quite enough to put Society in a very thankful frame of mind for her pleasures, and if she is a wise woman she will be thankful again that it has not been too gay, that she has been allowed time to realize and feel her blessings. Breathing spaces are not the least of our mercies, even socially. The pleasuring this week has been most varied in character, so has not partaken of monotony in any way. It has embraced some good plays, a dance, the opening of the new Home of the Friendless, a football game, a bowling party, club meetings, card parties, and the informal that are ever with us, so you see there was no reason for every one not to be suited, and accordingly grateful.

If Society were called upon now to enumerate her special blessings of pleasure, chiefest of the list no doubt would be The Kentucky, which is being thoroughly enjoyed in a very wholesome fashion. Then the bowling alley is another source of interest, it is always a place to drop in and meet your friends even if you are not athletic. The literary clubs are scurrying an especial pen of thanksgiving this year for the "Carnegie Public Library," having become a tangible reality with reference books to settle divers questions. For the new Home of the Friendless every one is thankful and proud, and the Civic Federation of Clubs is not the least of the city's special mercies at this time. So there is much for Society to have been in a very thanksgiving spirit this week.

Society interest next week centers in the reception with which Mrs. W. G. Whitefield will formally introduce her talented daughter, Miss Kathleen, into society. Miss Whitefield comes of a line of attractive and popular women and is fitted to take her place as a social favorite. Her mother and aunt were noted belles of Paducah's gayest days.

WEDDING ANNOUNCED.

The marriage of Miss Katherine McGlathery of North Seventh street to the Rev. John Witt Irion, is announced to take place on Thursday, December 26. While there has been more or less rumor to this effect of late, the announcement will probably come as a surprise to many friends of the popular young couple, so quietly has everything been managed.

Miss McGlathery is the eldest daughter of Mr. F. M. McGlathery, the manager of the Forked Deer Pants company and one of our substantial

and valuable citizens. She is charming, lovable and cultured and while the family have only lived here a few years in that brief time she has made many warm friends and admirers by her sweet womanliness and charm of character.

Rev. Mr. Irion is the popular pastor of the Trimble street Methodist church, and is one of the brightest and most talented young ministers in the Memphis conference. He is a graduate of Vanderbilt university, where he took high rank. This is his second year in Paducah and he has won the cordial liking of all people.

The wedding will be a morning one at the Broadway Methodist church, of which the bride-elect is a valued member, and there will be no invitations sent out in the city, but all are invited to be present.

Congratulations and good wishes to an unlimited extent will now be given the happy couple by their host of friends.

A BEAUTIFUL WEDDING.

Mr. and Mrs. Richard Gilliam Terrell have issued the invitations this week to the marriage of their daughter, Miss Mary Louisa Terrell to Mr. Leslie B. Samuels of Bardonia, which event was announced some time since. The wedding will take place on the evening of December 11, at Grace Episcopal church, Rev. B. E. Reed officiating. The prominence and popularity of the bride will make it a society event of more than usual interest. Miss Minnie Terrell, the attractive younger sister of the bride, will be the maid of honor. Miss Hattie Terrell, another charming sister, Miss Elizabeth Sinnott, Miss Mary Boswell and Miss Josephine Samuels of Bardonia, a sister of the groom, are the bridesmaids. Mr. E. H. Brown, of Bardonia, is the best man. Judge Doherty and Dr. Wells of Bardonia, Mr. Roy Culley and Mr. Wallace Weil are the groomsmen, and Mr. Clint Terrell, of Cairo, Mr. C. W. Thompson, Mr. Abram L. Weil, Mr. Will Bradshaw, Jr., are the ushers. The bridesmaids will wear white and carry American Beauty roses. The maid of honor will, also, be gowned in white but will carry briar roses. The beauty of the bride and the attractiveness of her attendants will make it a most effective and charming wedding scene.

There will be a reception at the Terrell home, 516 Court street, from 9 until 11, which will be a function of much social importance.

Mr. and Mrs. Samuels will leave directly after the reception on their bridal trip, and will be at home in Bardonia, about Christmas.

FARIS-MCKINNEY WEDDING.

The marriage of Mr. Roy Weeks McKinney, of the city to Miss May Mourning Faris of Hickman, on Tuesday, was a most notable event in Hickman society, and "The Hickman Courier" devotes much space to a description of it. The wedding took place at the St. Paul's Episcopal church at 9 p. m. and the Rev. Archer Boogher who is well known here, performed the ceremony. Miss Jessie Isler of Hickman, who has been a popular visitor in Paducah, played the wedding march. The decorations were in white and green, and the same colors were carried out in the bridesmaids' gowns, which were green chiffon over taffeta, trimmed in white lace, and with green sashes. The bride was beautifully gowned in ivory white satin with trimmings of chiffon and orange blossoms. It was quite a beautiful and effective wedding, and there were a number of attendants, among them being Messrs. Earl Weeks, M. D. Robbins and Edgar Warren of this city.

Mr. and Mrs. McKinney went from Hickman to Cadiz, the groom's early home, where they were given an elegant reception by the Hon. and Mrs. J. W. McKinney. They will return to Paducah about Sunday, and will be at home at 433 North Seventh street.

Mrs. McKinney is quite charming and one of Hickman's leading social favorites and will be an acquisition to Paducah society.

A CHARMING BOWLING PARTY.

The bowling party given by Mr. Edwin J. Paxton last evening at the Elite Bowling Alley, in honor of Miss Martha Davis and her charming guest, Miss Virginia Lockett, of Henderson,

who is receiving much social attention, was a most charming and enjoyable affair, and quite justified the interest it has excited in society during the week.

The Elite Bowling Alley has recently been moved and refitted and the place is an ideal one for such entertainments. The lower floor is given over to the alleys which are very fine. A number of comfortable seats are arranged in front for the onlookers. On the second floor is the pool and billiard room which is very handsomely fitted up. In the front of this story is a cozy furnished lounging room for the guests, in fact the whole place is studiously arranged for the pleasure and comforts of the patrons.

All society was there to do the occasion honor, and the evening passed most delightfully. The guests were received on the upper floor in the reception room, and then sought the diversion of bowling, billiards or pool, as each preferred.

Delightful refreshments were served during the evening. The prizes were won by Mrs. Gilbert McCoy of Golconda, Miss Wire of Mayfield, and Miss Nancy DuVal. The girls looked very effective in their shirt waist costumes and the scene was a very attractive one. The presence of a number of out-of-town visitors lent additional interest to the occasion.

The guests included: Messrs. and Mesdames Cook Husbands, Gilbert McCoy of Golconda, James Utterback, O. L. Gregory, Thos. C. Leech, W. B. McPherson, James P. There were a number of visitors present, besides the regular club members, which made the occasion especially pleasant. Cards were played and the club prize was won by Miss Marjorie Crumbaugh; the visitors' prize was captured by Mrs. Wynne Tully, and the lone hand prize was captured by Mrs. Will Gilbert. HOME OF THE

FRIENDLESS RECEPTION.

A beautiful celebration of the Thanksgiving week was the opening of the new Home of the Friendless by a public reception on Wednesday afternoon and evening. It was an occasion of much interest and was largely attended by the most representative people of the city. Society stopped its pleasuring long enough to grace the occasion, the churches were represented by the various ministers, substantial business men and busy housewives were all there. The handsome building more than met the expectation of the public, and in an honor to the city.

MR. BOCKMON'S DINING.

Mr. E. W. Bockmon's "Battle Creek dinner" on Friday was quite an elegant affair as well as something unique in Paducah's history of entertainments. It was given at the handsome home of Mr. Fred Kamleiter, and the table was most attractively arranged. The menu of Battle Creek delicacies was most elaborate and delightful and covered two hours. Mr. Bockmon proved himself a most genial host. The guests were:

A THANKSGIVING

RENDEZVOUS PARTY.

The hospitable Whitefield home was the scene of a gay little gathering on Thanksgiving evening which was none the less enjoyable from being altogether impromptu. It might be very appropriately styled a "rendezvous party", however, as intentional chance seemed to bring them together. A very delightful evening was spent, and the crowd included: Miss Virginia Lockett, of Henderson; Miss Jennie Wire, of Mayfield; Miss Susanne Humble, of Lebanon; Miss Martha Davis, Miss Mabel Rieke, Miss Nancy DuVal, Miss Kathleen Whitefield; Messrs. Louis Rieke, Jr., Wallace Weil, David Sanders, David Flournoy, Edson Hart, Edwin J. Paxton, Will Minnich, Charles Boyd, John Woolfolk.

RUGBY FOOTBALL GAME.

The football game on Thanksgiving afternoon between the Y. M. C. A. and the High School teams, was an even of much interest, and was largely attended by society. It was the first game of Rugby football played here, and the boys on each team are very popular fellows, and their friends were out in full force. The High School team carried off the honors, but some fine playing was done by both sides. If these games are kept up, the society girls will soon become expert football critics, as their enthusiasm is very great for their champions.

DELPHIC CLUB MEETING.

A most pleasant and profitable meeting of the Delphic club was held on Tuesday morning with Mrs. Alonzo R. Meyers. Martin Luther was the character discussed, and abounded in interest. Mrs. Lizzie S. Austin told of the "Development of German Prose, and Luther" in a very able and exhaustive paper. Miss Kathleen Whitefield read an interesting paper on "Luther in Literature and the Translation of the Bible. Mrs. Louis M. Rieke is the hostess of the Delphic for December.

MISS SINNOTT AN ATTENDANT.

Miss Elizabeth Sinnott leaves tomorrow for Jackson, Tenn., where she will be an attendant at the marriage of Miss Phie Bond on December 5. Miss Bond was the guest of Miss Sinnott last winter and is one of the most popular young women in Jackson. The wedding will be quite a society event, and Miss Sinnott will lend charm and beauty to the occasion. She will return right after the wedding in order to be present for Miss May Terrell's wedding of which she is one of the bridesmaids.

AN OUT-OF-TOWN PARTY.

Invitations have been received in the city to an entertainment given by Mr. and Mrs. George R. Creedle, of Fulton, Ky., in honor of Mr. George C. Baker, formerly of this city. It will take place next Tuesday evening, from 8:30 to 12 o'clock. Mr. Baker

is a brother of Messrs. Ned and Tom Baker of the city, and has many friends here. The occasion will be an event in Fulton society. Mr. Thomas L. Baker will attend from here, and probably others.

A PLEASANT EVENING.

IN THE THEATRICAL WORLD

Marie Doro
as CORA in David Belasco's Laugh-Making
Success, NAUGHTY ANTHONY. To be
at the Kentucky next Thursday.

The attraction at The Kentucky on Thursday evening will be the hit of last season in New York City, David Belasco's comedy "Naughty Anthony." It is of the farcical style, constructed for laughing purposes, and is said to be full of funny situations. Mr. Belasco has written many famous successes, his "Zaza" and "The Heart of Maryland," being among the biggest money making attractions on the road. "Naughty Anthony" was written by Belasco on new and novel lines, and the famous stocking scene is said to be a very unique situation. There are many new songs and dances in the play, and it will be interpreted here by a strong company of laugh makers, pretty girls and sweet singers.

The inquiries at the box office give practical evidence of the great interest manifested in the appearance of Miss Henrietta Crossman in "Mistress Nell," at The Kentucky Monday night. This is as it should be, for it was only after long negotiations and earnest effort on the part of the local management that attractions of such wide fame and splendid quality has been secured. The size of Miss Crossman's audience, which promises to be extremely large, will encourage other leading attractions to make their bow before local audiences. Miss Crossman's performance in this brilliant and wit laden comedy has made her the most talked about of American actresses. Her success is the most interesting ever achieved on the American stage, because it was won in the face of great opposition and under the most extraordinary circumstances that ever environed an aspirant for stellar honors. But it was a triumph, as complete as it was emphatic and it is not bounded by geographical limits. In Chicago, New York, Boston, Philadelphia and other great cities of the country, there has not been a single adverse comment on Miss Crossman's worth; on the contrary, praise has been given the performance to a greater extent than ever before accorded an American actress. When a great critic like Allan Dale of the New York Journal, declares that "Miss Crossman's success came as a shock of pleasure," he must have meant to picture merit very fair indeed beyond the usual. When the dean of the Chicago critics, Lyman B. Glover, declared that "Miss Crossman's Mistress Nell is the most fascinating performance ever seen in Chicago's" he must have been enthused beyond the usual for a dramatic writer. Quotations of the same kind could be given ad lib. but Miss Crossman will prove all these things for herself when she appears here in this exquisite comedy. Seats went on sale yesterday.

Marie Correlli's "Iphelia" which Mr. Chas. W. Chase has dramatized for Aiden Benedict will be presented by a most excellent and carefully selected company at The Kentucky on next Saturday matinee and night. Mr. Chase has spent much time upon this work gives every promise of popular success.

Shakespeare says: "The devil hath power to assume a pleasing shape and this is true in the play of 'The Sorrows of Satin,' which comes here at The Kentucky in the near future. Marie Correlli, who is one of the lead-

ing novelists of the present day, gave permission for her book to be dramatized and the devil is the central character. Naturally one expects to see Mephisto in his "red makeup" but instead they find him an up-to-date devil, known as one Prince Lucio, although possessing the same tempting influences upon his subjects. There is nothing to displease or horrify in the play. It is a story of a serious nature, with a moral that is good and contains a vein of comedy that makes sad moments turn into bright ones.

Mr. Clyde Fitch never did more creditable work in his life than when he gave to the lovers of the drama his "Nathan Hale." This is a broad assertion, for this young writer has probably produced more successes in recent years than any other playwright in this country; nevertheless, this has been the almost universal verdict of all those who have had the good fortune to witness the performances of his various plays. "Nathan Hale" is a play worthy of any stage, and one which will not be eclipsed soon. The play being a masterpiece in itself, is interpreted by a company that is almost admirably adapted to their work, and meet all the demands made upon them. Mr. Kyle in the leading role merits all the requirements, and is most effective throughout.

W. H. West's big minstrel jubilee will be here soon.

production of "Monte Cristo" he will have played the role of Edmond Dantes nearly five thousand times. Just as Edwin Booth became associated with Hamlet, McCullough with Virginians and Joseph Jefferson with

"Rip Van Winkle" so is Mr. O'Neill with Edmond Dantes. The reason for the long life of "Monte Cristo" is not difficult to understand. Charles Fechter, the noted actor, made the version of Monte Cristo for his own use and appeared in it with much success. Mr. O'Neill's conception of the character has proved long lived, because it contains something human, something that appeals to every adult person and especially to lovers of all that is romantic and thrilling in the drama. His characterization of Edmond Dantes is a distinct type. In the first act, when he appears as the dashing sailor lad, the impetuous young lover, he immediately arouses the love of the romantic which is latent in the breast of every one. Next as the lonely prisoner in the cell of the chateau d'Ef, he excites a feeling of pity. Again as the Abbe Busoni, he arouses that feeling of respect tinged with awe that is the desire to be wealthy beyond the dreams of avarice, to be able to spend millions if necessary to gratify the slightest whim; then the Count of Monte Cristo represents a sort of materialized dream. There is no necessity to discuss the play as it is well known by theater goers everywhere. A few minor changes have been made from the Fechter version to fit the magnificent new dress of the drama. It is said that the scenic effects are so rich and massive that the piece is entitled to rank alongside the magnificent productions made at the London Lyceum by Sir Henry Irving. In the first act in which the marriage festival of Edmond Dantes and Mercedes is celebrated, a ship is shown in full sail. It is the good ship Pharon which sails into Marseilles harbor, bringing Edmond Dantes to love, matrimony and prison. The vessel tacks about in full view of the audience, comes to anchor and swings easily to her moorings. Perhaps the most spectacular scene in the play is that which represents a storm at sea. Edmond Dantes escapes from his secluded cell in the Chateau d'Ef by taking the place of his dead fellow convict and being thrown in the sea in a sack. The open ocean is shown with Edmond Dantes swimming for a little rock in the midst of the raging waters. The lightning flashes and the thunder booms along the horizon, while the wind howls in the most melancholy manner, the lightning is of the forked variety and the scene is realistic, in the highest degree. As Dantes gains the rock and utters the world famous speech "The world is Mine," a thunder bolt flies from the heavens and falls at his feet and by its flare a pirate ship can be seen beating against the shore to rescue Dantes from his perilous position. Another scene which has aroused extended comment

is that which represents the conservatory and ball room of the hotel de Morcerf. The scenery is most massive and the ballroom is lighted with thousands of incandescent lights in imitation of candles. The forest of Fontainebleau in which the Count of Monte Cristo fights his famous duel at daybreak, is said to be the most elaborate. As the curtain rises the trees and shrubbery are seen to be covered with ice and snow and these myriads of crystals glint and glisten in the moonlight, throwing a thousand iridescent rays. As the duel progresses the dawn glows and the sun rises flooding everything with beautiful golden light.

Mr. O'Neill's company is, with one or two minor changes, the same which played with him during the run of three months at the Academy of Music in New York. The company includes Mr. Frederick de Belleville, James O'Neill, Jr., Warren Conlan, W. J. Dixon, Claude Gilbert, Edward Lally, Joseph Slaytor, Karl Ellsworth, Edward Thomas, Harry Lappine, R. J. Cloud, John Green, Selene Johnson, Kate Fletcher, Virginia Keating and fifty others. The costumes are by Mr. and Mrs. Edward Siedle of the Metropolitan opera house, the electrical effects by Carl Mayerhoffer, and the scenery by Ernest Gros, John H. Young, Gates and Morange, Ernest Albert and Homer Emmers and the incidental music is by William Frust.

A HOME CURE.

Thousands of women who are living quietly, amid the luxuries of home have hidden suffering. They start at every little jar or noise. They become irritated at the slightest cause. They suffer periodical pains but have little understanding of what causes them. If they went to a doctor for an examination they would be shocked to hear they had "female troubles"—a prospect which strikes terror to a woman's heart. Female troubles come on gradually, but plain warnings tell of their approach.

Are you nervous?
Do little things annoy you?
Do you start at every sound?
Are you discouraged and miserable on certain days, then elated again the next?
Are your menses painful or irregular?

WINE OF CARDUI

If your answer is "yes" to any of these questions you should not be deceived. You are suffering with female troubles and should begin the Wine of Cardui treatment at once. It will cure you as it has cured 1,000,000 other women. It cures in the privacy of the home. No private examinations. No operations. Could relief be easier? Try Wine of Cardui.

I received a copy of the Home Treatment of Female Diseases and my wife and I read it all through. My wife was very unhealthy. She has been using Wine of Cardui thirteen months. It gave her good health and we are all more than thankful for your book and advice. It did her more good than any other medicine in the world. May you prosper! I shall ever use your medicine in my family. F. P. REID.

THE MAYOR'S FINAL REPORT.

Continued from First Page.

government is that of streets. The cost of streets in four years has been about \$100,000.

POLICE DEPARTMENT.

The cost of maintaining the police department has been in four years about \$60,000. Under the new administration it will be greater, as the salaries have all been increased.

FIRE DEPARTMENT.

The cost of maintaining the fire departments has been in four years about \$40,000. In this same connection, the report on water supply may be included. For rental of hydrants, etc., the city has paid in four years \$36,000. This is due largely to the many extensions of mains, and the addition of many new fire plugs.

ELECTRIC LIGHT PLANT.

The cost for the electric light plant has been in four years about \$30,000, which included repairs and extensions, and the addition of new lights.

OAK GROVE.

Oak Grove cemetery has cost in four years \$7253.25, but is a source of revenue, as the city makes big profit on the sale of lots.

PARKS.

There are no parks of consequence to report on, but the report recommends to the new administration the purchase of public parks.

CITY HALL.

The city hall, for repairs, supplies and such things, has cost the city about \$3000 in four years, and to this is added the payment of the city hall bonds, amounting to \$8000.

CITY PRISON.

The report shows that the city prison costs about \$900 a year. There has been a complete remodeling of it under the present administration, and the complete cost has been \$12,000 in four years.

SANITATION.

The report on sanitation is one of the longest in the bunch. It recounts the reports that have gone abroad relative to the city's sanitation, water supply, etc., and reports that it is believed that all damaging reports have been fully overcome. The cost of sanitation has been in four years \$27,000, which includes the sewer pipes laid in place of the wooden culverts. The completion of the sanitary sewerage is reported and it is recommended as a most beneficial improvement.

CRIME.

It is reported that the four years just closed mark one of the most lawless periods in the history of the city, as shown by the court records.

PUBLIC PRINTING.

The cost of public printing in Paducah has been in four years \$4000.

SMALL POX.

The cost of smallpox to the city has been in four years \$10,267.55.

Under the head of "new methods and new enterprises inaugurated by the present administration," the following summary is given:

THE SCHOOLS.

The total amount paid by the city to the schools during the four years is approximately \$132,000.

All of the figures in the report are approximate but are considered by the mayor as accurate as is possible to get them from the records.

One point made is that while the valuation of city property has increased considerably during the four years, the cost of maintaining the city government has increased in greater proportion.

NEW METHODS AND NEW ENTERPRISES INAUGURATED BY PRESENT ADMINISTRATION.

We inaugurated improved streets of modern material and modern construction.

We inaugurated the general use of cement sidewalks.

We inaugurated cement floors, iron bedsteads and iron caging in city prison.

We inaugurated the plan of extending water to outlying districts for improved sanitation and a wider fire protection.

We inaugurated a method of preservation of fire hose by means of a hose tower.

We inaugurated the plan of paying feed for city horses at wholesale instead of rewarding some friend of the city officials with this patronage.

We inaugurated the use of vitrified piping water ways and underground drainage.

We inaugurated a system of lighting the suburbs; the use of the latest improved lamp and the use of modern

GOLD DUST

makes the pans and kettles clean and bright. It does the work much better than soap and in much less time.

THE N. K. FAIRBANK COMPANY, Chicago.

machinery at the light plant.

We inaugurated the police patrol wagon and a night lieutenant, both of which now appear to be a necessity.

We inaugurated the use of improved street cleaning apparatus and the economic use of dump wagons which do not spill the street garbage over the thoroughfares while hauling this off the streets.

We inaugurated the use of earthen fills in lieu of bridges to keep in repair.

We inaugurated the use of storm water sewers and a greater width of the streets to be had thereby with better sanitary conditions.

We inaugurated the plan of opening for settlement of suburban property by reason of improved streets, water and light.

We inaugurated council control of the public cemetery in lieu of trustees.

We inaugurated the plan and performed the work for changing the city to that of the second class.

We inaugurated the work of preparing for a new library and secured a site upon which to erect the building.

We inaugurated the plan of organizing a Commercial club to aid the city.

We inaugurated better pay at the beginning to all street employees, and day laborers. Later to lockup keeper and fire department, and still later an increase from mayor on down the entire list of officials.

We inaugurated the plan of keeping all public buildings in good repair and of making all improvements permanent.

We inaugurated the plan of vigorously improving sanitary conditions, and an aggressive defense of the city's reputation with regard thereto.

We inaugurated the collection from corporations operating in the city dues under ordinances which were hitherto neglected.

We inaugurated a plan of correcting the assessment of railroad valuations, and collecting the revenue due in taxes thereon.

We inaugurated the plan of trying to run the city on the lowest tax rate for city purposes, that of 97 1-2 cents, that had prevailed for sixteen years.

We inaugurated the plan of trying to do too much public work on an insufficient amount of funds, this last resulting, naturally in disaster to the city's treasury.

We inaugurated the plan of leaving assets to successors and no money.

Chief James Woods, of the fire department, has finished for presentation to the council his report for ten months past, showing that losses amount to \$120,000, insurance paid out, \$66,270.67; classified among the different risks as follows: Brick mercantile buildings, \$8,274.83; stocks therein, \$16,591.63; frame mercantile risks \$2,857.40; stocks therein, \$2,879.50; dwelling houses \$5,258.77; household furniture, \$8,104.20; all other risks, such as factories, mills, or those that come under the head of "special hazards," \$23,804.34—total, \$66,270.67. There were many more fires and many additional thousand dollars worth of property burned, but the above includes only the sums paid out by the companies doing business here. This does not include the railroad planing mill fire as the policies carried upon that building and contents were not written by the local agents. For the ten months of this year, the premiums thus far amount to about \$82,000, while for the entire year of 1900 they totaled \$27,000 with \$106,000 losses for the corresponding period.

SICK MADE WELL WEAK MADE STRONG

Marvelous Elixir of Life Discovered by Famous Doctor-Scientist That Cures Every Known Ailment.

Wonderful Cures Are Effected That Seem Like Miracles Performed—The Secret of Long Life of Olden Times Revived.

THE REMEDY IS FREE TO ALL WHO SEND NAME AND ADDRESS.

After years of patient study and delving into the dusty record of the past, as well as following modern experiments in the realms of medical science, Dr. James W. Kidd, 2431 First National bank building, Fort Wayne, Ind., makes the startling announcement that he has surely discovered the elixir of life.

DR. JAMES WILLIAM KIDD. covered the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life-giving boon, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim, and the remarkable cures that he is daily effecting seem to bear him out very strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It costs nothing to try his remarkable "Elixir of Life," as he calls it, for he sends it free to anyone who is a sufferer, in sufficient quantities to convince of its ability to cure, so there is absolutely no risk to run. Some of the cures cited are very remarkable, and but for reliable witnesses would hardly be credited. The lame have thrown away crutches and walked about after two or three trials of the remedy. The sick, given up by home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as by magic. Headaches, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs or any vital organs are easily overcome in a space of time that is simply marvelous. Partial paralysis, locomotor ataxia, dropsy, gout, scrofula and piles are quickly and permanently removed. It purifies the entire system, blood and tissues, restores normal nerve power, circulation and a state of perfect health is produced at once. To the doctor all systems are alike, and equally affected by this great "Elixir of Life." Send for the remedy today. It is free to every sufferer. State what you want to be cured of, and the sure remedy for it will be sent you free by return mail.

AT PRESENT NOTHING IS KNOWN
OF THE COUNCIL CAUCUS.

This afternoon several members of the new council stated that they have heard nothing of the reported council caucus to select city officers. Hon. Charles Reed, on whom the other members were reported to be waiting, returned this morning from Chicago.

Some of the races for office are becoming quite heated, as well as complicated.

Mr. W. S. Dick, at present county assessor, today came out as a candidate for city assessor, which it is thought will complicate matters, if not change the result. The other candidates are Messrs. Gus Rogers, James Hughes, and Frank Digel.

Don't forget that Sam Gott will set a barbecued rabbit lunch tonight.
